Основополагающий доезд агроретарда против телефона. После него вдруг захотелось доказать кому-то, что я конечно морон, но не на столько или на столько, но не морон))
Хотя в целом я продолжал играть агрессивно, но старался это делать аккуратнее и только против подходящих оппонентов. С тузами это сделать легко!

Дальше происходит серия раздач, где не доезжает комбодро, топ пара упирается в допер, АК не усиливаются на флопе, сеты не ловятся и все становится чудесно... почти паника, нужно что-то делать. А именно – нужно удесятиряться. Итак четыре раздачи, которые происходят в очень небольшом временном интервале.
